Learn how to work with fondant icing, florist paste and food colouring to create beautiful (yet edible) colour palettes, and subtle but enchanting designs.

Make gorgeous life-like roses and a variety of striking flowers, using a selection of tools, cutters and techniques.

Finally, decorate your delicious Mini Fruit Cake with your hand-made flowers, pack it in its own little box to take home (suitable as a Mother's Day gift!).

** Workshop gift vouchers for this one-day event are available to purchase. If you wish to couple this with an overnight stay on Tuesday, including breakfast the next morning, we offer a discount of 10% on the accommodation.*

Pre-registration required.
